Dear All,

I have spoken to Dale Jennings today re some of the items we discussed and would like to share the following information.

- Dale Jennings and Jim Anderson have met with the Beckley Park and Harness Racing Club representatives today to discuss what would be required to hold a Relay event at Beckley Park. The discussions sounded very positive and constructive and there may be some fundraising possibilities (details to follow once details can be confirmed).
 - use of marquee in front of grand stand should be ok **Jan**
 - toilets and showers may be ok
 - Team Captain meeting a good possibility.
- Spoke to Dale with regard to committee members attending next Tuesdays race meeting and he suggested that we would all be welcome. Suggest that we all meet at the front gate (entrance through car park) at 7:30pm and we proceed as a group from there. Anyone wishing to attend should please let me know so we ensure that we are all present before entering. **Action: Dale to let Andrew know what the admission price is for the evening.**
- Dale has confirmed that we are in a position to proceed with all publicity regarding the relocation of the event to Beckley Park. **Action: Amy to arrange for media release from CCV, Sarah to contact Dale re media ops with Beckley Park, Sarah and Amy to coordinate all Press Releases.**
- Advertising etc, we need to update our advertising to reflect the change of venue. **Action: Christopher to update website, Amy to arrange update of CCV website and reprint stickers with new venue.**

So there you have it, we are off to a good start. Everything looks promising and Beckley Park are keen to have us at their facility. Will forward any further news as it comes to hand.

Andrew Purdy
