

Relay for Life 2005 -- Tent site allocation information (Planned tent sites -- approx. 50 sq. mtrs.)

The Relay facilities group consider team site allocation an important part of ensuring teams have an enjoyable event. Whilst it is difficult to satisfy all needs we use the information you provide to try and allocate team sites that suit both team and event needs. N.B: Track configuration will most likely be the same as 2005 and will be finalised February -- It depends on the number of teams.

Details	Comments
Team Name	
Team contact name. (Include Phone/E-mail)	
Team size - approximate	
Team make up (Adults/Children/Both)	
Running/Walking/Both	
Preference Inside/Outside -- Track (RFL prefer children on outside to reduce risk of collision with serious runners when crossing track)	
Any special needs/wants	
Any other general comments
